Total Tax Bill For City Cut 41 Cents

Sierra Madre residents this year will have a cut of nearly 41 cents per \$100 assessed valuation in their property tax bills.

Total tax bill for the city was placed at \$6,118.1 on each \$100 of valuation this week as the Board of Supervisors set the general county tax rate at \$1.60—down 16 cents from last year; the school district rate at \$2.4364—down 3.34 cents; Sanitation District No. 15 rate at 22.05 cents—down 5.42 cents, and Flood Control District rate at 19.12 cents—down 3.3 cents.

These cuts made a clean sweep for taxpayers. The City Council already had set the city rate at \$1.67 per \$100 valuation. This represents a cut of 16 cents under last year.

These five items appear on your tax bill which will arrive in November—first installment due in December and the second in April.

Police Urge Safe Driving Over Holiday

Drive carefully! This advice is always given motorists, but Sierra Madre Police officials re-emphasized the warning this week as residents girded themselves for another three-day holiday weekend.

Officer H. S. Embree urged everyone to exercise great care in traveling, and to remember that the life saved by not taking unnecessary chances may be yours.

"Death rates always soar on special holiday weekends, and indications so far this year reveal that the Labor Day weekend totals will not be any lower—unless motorists take every precaution," Embree said.

He particularly stressed that persons who feel they must drink should remain out of their automobiles and give other drivers a better chance for survival.

Chamber of Commerce President Al Morgan predicted that most Sierra Madre businesses would close on Monday.

Magazine Fraud Cases Reported

Most recent rash of phoney magazine solicitation cases centered around the Auburn avenue area, police announced this week.

Although only one complaint was filed, several reports were received from residents taken in by a smooth-tongued "magazine salesman."

The racketeer reportedly passed himself off as representing the Sierra News Stand.

'OPEN HOUSE' GUESTS SEE GUARD WEAPONS

Five new recruits were signed up and several prospects were obtained at Monday night's Open House of the National Guard. Intended to show men of Sierra Madre what their Heavy Mortar Company is doing, members of the local company presented an all-evening program.

Under the direction of Captain Sanford M. Ullman, commanding officer, guests were shown the unit's weapons and illustrated charts describing their use.

One of the new 4.2 mortars was assembled and placed on the City Council platform in the Council Chambers. Its deadly muzzle yawned out over the understandingly apprehensive audience.

Posters illustrating various mechanical parts and firing principles of the company weapons adorned the Council Chamber's walls.

Contract Signed For New Ascension School Building

Assuring ground-breaking by no later than Monday, a contract with a Pasadena firm for construction of the new Church of the Ascension Parish Day School building was signed last night.

Signing of the contract with the Lane Building Contractors followed a special Vestry meeting last week, at which time a resolution authorizing the terms was adopted.

Woodrow Mecca, chairman of the building committee, said the contract calls for construction to begin immediately. He stated that the new building would be completed by the time school begins following the Christmas holidays.

The new building consists of four classrooms and an office. A kindergarten playground is also planned, Mecca explained. In addition, Mecca announced

ed that bids are being accepted this week for extending the Ascension Episcopal Church sanctuary.

This project will involve an addition to the front of the church structure. Sierra Madre's Planning Commission recently approved a set-back variance, permitting construction 20 feet from the street instead of the usual 25 feet.

The church front will be extended 19 feet, Mecca stated.

Nursery School Pledges Reach \$2421 First Night

In its first night of active campaigning for a new nursery school building, \$2421 was pledged by members of the Sierra Madre Community Nursery School Association at the Kick-off Dinner Friday evening.

With this amount as a start, the fund-raising committee, headed by John C. Loomis Jr., this week is beginning a house-to-house canvass of Sierra Madre residents to raise the additional funds necessary before ground can be broken for the building in October.

The tentative goal of \$800 is based on current estimates of the cost of building a nursery school that will satisfy standards set up for nursery schools in the State of California and existing building codes.

Volunteer labor by members of the Association will help keep expenses to a minimum while, at the same time, not sacrifice the quality of the new school, Chairman Loomis said.

At the Kick-off dinner, held at the city Elementary School cafeteria, Association members heard Dr. Elizabeth L. Woods, Supervisor of Guidance and Counseling for the Los Angeles City Schools, state that Sierra Madre's Nursery School project is a commendable one.

FIRE DAMAGES CANYON HOME

Another fire in the Canyon last Friday caused damage to a bedroom amounting to at least \$200.

Reported at 6:45 p. m., the blaze apparently started in a waste basket in a bedroom of the R. P. Harrington home, 461 Sturtevant Drive.

There is some official disagreement over the address of the burning home. Fire Chief Jim Heasley reported the Sturtevant Drive address, while Police officials preferred to say the address was 480 Woodland Drive.

Anyway, that there WAS a fire Friday night, both departments are certain.

Two City Fire trucks sped to the house, but firemen found that owner Harrington already had the blaze under control with a garden hose. Chief Heasley reports that his men laid fire hose, but it was not needed.

Flames burned curtains and the corner of a mattress and scorched paint around one of the bedroom windows.

State Water Rights Told To Chamber

Dean Franklin Thomas of Caltech told the Chamber of Commerce Thursday that every effort is being made to put Colorado River Water into immediate use in California.

Speaking before the regular meeting of the Chamber, Dr. Thomas, who is chairman of the Colorado River Board of California, said there is no better way in the world to establish California's water rights to the Colorado River than by using it.

In referring to the current controversy between California and Arizona on the Colorado River Project, Dr. Thomas said most of the difficulty lies in interpretation of three water acts. They are the Colorado River Compact of 1922, the Boulder Canyon Project Act of 1928, and the California Limitations Act of 1929.

The "big bone of contention" lies in interpreting the last-mentioned act, Dr. Thomas said.

"Arizona contends that, according to terms of the 1929 Limitations Act, California is

CITY FIREMEN NEW FURNITURE DRIVE BEGINS

Contributions for refurbishing the Firemen's Clubroom in the City Hall should be turned in at the NEWS office as soon as possible.

Francis Eakman, 194 E. Marioposa, who has personally launched the drive to provide Sierra Madre Volunteer Firemen with much-needed furniture, said slightly more than \$500 is needed to perform this service.

To help raise money for this project, Eakman has scheduled a Square Dance for Saturday, Sept. 10, at 8:15 p. m., to be held at the Woman's Clubhouse.

Homer Althouse has accepted an invitation to be "caller" for the evening's dances, Eakman said. Althouse will present an exhibition during intermission. Refreshments will be provided by wives of the Firemen.

Several community groups have indicated that they are supporting the fund-raising campaign. Among these are the Congregational Church and Wistaria Weavers, Eakman said.

Describing existing furnishings at the Firemen's Clubhouse as being in "terrible condition," Eakman reported that most of the chairs, settees, and other equipment are completely worn out or broken.

No One Thought Bomb Was Funny

The Police Department's sense of humor was strained to the breaking point Thursday evening when several dopes—er, pranksters detonated a home-made bomb in the center of Lima avenue.

Sierra Madre officers did not laugh.

Neither did residents in the area who rushed from their homes thinking they had been "atomized."

Investigating policemen found a 20-inch length of one-inch gas pipe lying in the street opposite 29 N. Lima. They theorized that the pipe had been stuffed with paper and black gunpowder. The blast occurred at 7:40 p. m.

OWNERS SEEK CITY'S APPROVAL OF ANNEX

Owners of the Upper Hastings Ranch this week looked to Sierra Madre for annexation.

In a letter directed to the City Council, the Junior Realty Company formally asked the "consideration and approval of the annexation to your city" of the Upper Hastings.

Along with its letter, the firm submitted a tentative tract map for 200 acres of the Upper Hastings which it owns. This map showed that it plans to subdivide the tract into lots with a minimum of 60 foot frontages. Frontage of some of the lots run to 64 feet.

It was understood that in talks with the City Council during the past two weeks since the realty firm announced that it would subdivide, plans for a tract with 55-foot frontages were abandoned to meet demands of the councilmen.)

The tract will include 931 lots with lot depths running to 110 feet.

The firm will provide the school district with 9.8 acres along Michillinda avenue north from Highland avenue, with streets on all four sides, for a school site.

Laying out of the streets, the firm said, would be north to south to comply with County Flood Control demands. A central street running north from the Pacific Electric tracks would be 70 feet in width, including easement, and would allow the preservation of the

row of beautiful pepper trees that line the tract.

"We have laid out this development, from an engineering viewpoint, to preserve the beautiful trees of the Upper Hastings, to comply with proper drainage and flood control measures and to meet requirements of good living," Louis H. Boyar, engineer for Junior Realty, declared.

He said that an effort will be made to save the grape vines of the tract.

The engineer pointed out that every improvement—streets, sidewalks, curbs, gutters, street lighting, sewer mains, water mains, fire hydrants, drainage, etc.—will be provided by the subdivider.

In his letter to the Council, Boyar said that annexation to Sierra Madre would be under the following conditions:

1. That all utilities, including laterals and other street improvements and new streets adjacent to said tract, if not already provided, will be installed by this subdivider prior to the paving of any streets.

2. That four-foot-wide cement concrete sidewalks and cement concrete curbs will be constructed in the tract (except on the east side of Michillinda and the south side of the tract which would be the P.E. tracks) as per specifications and standards on file in the office of the city engineer.

3. That sewer mains, laterals, flush tanks and manholes as may be required be constructed as per specifications on file in the office of the city engineer.

4. That ornamental street lights with underground cable be installed . . . to the

Youth Fined For Speeding

Eugene Colbert, 609 W. Alegria, was fined \$20 Saturday in Traffic Court for exceeding the legal speed limit in Sierra Madre.

The case of Roger William Anthes, 480 Foothill avenue, charged with disregarding a boulevard stop sign and with not having his automobile registration in plain sight, was continued until this Saturday.

Three drivers forfeited bail by not appearing in court. They are William Lanier Jr., Los Angeles, Arthur Hewitt, Sierra Madre, and Dewey Seim, Temple City.

MRS. RALPH M. WELCH

Tuesday, Sept. 13, at the home of Mrs. Leo Gillette, 10 Rancho Road.

Elected president at the club's initial meeting on July 26, Mrs. Welch has been active in several civic organizations throughout her eight years of residency here.

This year, besides her duties with the Lions Wives Club, she is serving as one of the Star Points of the Sierra Madre Chapter of the Eastern Star.

Mrs. Welch is a former member of the Civic Club, where she held the office of club auditor for one year.

Of the Lions Auxiliary, Mrs. Welch said the group was organized to create a closer social relationship among members and to assist the Lions in its activities.

New-Model P. E. Bus On Display Friday

Sierra Madreans may inspect one of Pacific Electric's new-type busses Friday, 3 p. m., at the regular P.E. depot, it was announced this week.

P.E. officials said they would welcome comments and suggestions from local citizens on their latest model bus, before mass production is started.

The bus to be displayed Friday is typical of the kind Sierra Madre would get if busses were substituted for the now existing street cars, company spokesmen said.

'Lay Off Canyon' Eaton Tells City

The Planning Commission this week was told to let the "Canyon people decide what they want."

The advice was given by Attorney Noren Eaton who, as a member of the Chamber of Commerce, recently conducted a survey of Canyon residents via a questionnaire.

He did say, however, that if possible, the city should seek solutions to parking and the fire hazard.

"You don't need to sympathize with the people there, he said. "They are obviously living where they want to live, and the disadvantages are compensated for by the advantages of mountain living."

Eaton admitted that the Canyon needed another road out of the area but that one-way streets would cause nothing but confusion.

As for the pool, Eaton declared that "most people of the Canyon are indifferent—they don't have anything to say on the subject."

He said several of the residents had expressed fear of fire which might result from faulty

wiring of Edison Company lines which run through the Canyon. Besides hearing Eaton's report, the Planning Commission:

1. Okayed the long outstanding subdivision application of Charles Hopper with the understanding the north end of Grove street will be extended to the west end of Carter avenue.

2. Approved the application of E. R. Mitchell for a subdivision of his 90-foot lot at 119

Scout Master Has Attack

A mountain hike in hot weather proved to be too much for Ingewood Assistant Scoutmaster John Fricks of Boy Scout Troop No. 275 last Friday.

Fricks, who lives at 827 S. Flower, Ingewood, collapsed on the sidewalk on North Mountain Trail at 2:10 P. M. and was rushed to St. Luke's Hospital in what doctors termed a "serious condition."

Scouts Sidney Shearen, 13, and Jimmy Collis, 12, reported that Fricks had not been feeling well all day, and was waiting at the end of the P. E. tracks for someone to drive him home.

Fricks apparently suffered a sudden acute pain, clutched his body, stumbled and fell onto the sidewalk. The scouts said he struck his head on the pavement, reopening stitches in a head wound received several weeks before in another fall.

Residents Voice Protests About Rat Health Menace

Several complaints have been voiced recently concerning an increasingly-serious rat situation in Sierra Madre.

Residents from several areas of the community report the rodents are thriving and rapidly becoming a menace to health. Mrs. C. W. Peterson, 71 Suffolk, states the rats are becoming so bold in her neighborhood

that they are often seen foraging in broad daylight. She said a next-door neighbor discovered one walking across a picnic table in her back yard.

Mrs. Peterson said she has been conferring with C. D. Woodward of the Los Angeles County Health Department, Rodent Control Division, about the dangerous condition.

According to Mrs. Peterson, Woodward stated that the County has no power to combat the rodents in Sierra Madre because this city does not have an appropriate contract with the County agency.

She explained that action to battle the disease-carrying rats must originate through city officials. Accordingly, she told the NEWS this week that she is preparing a letter to the City Council urging their help in controlling the pests.

Woodward told Mrs. Peterson rats flourish in yards where fruit has been allowed to fall to the ground and remain there.

Leaky faucets were indicated as being conducive to breed-

P. A. System was used.

The night officers are meeting with difficult situations. Two drivers have been cited for violations of Section 502 of the Vehicle Code. It is not a pleasure for police officers to arrest a man for drunk driving. They are human and realize the cost and the family needs. They also realize that if a driver is permitted to drive, he or she will meet with fatality—either to themselves or someone else. Then real trouble is at hand.

Be thankful if you are arrested for driving while intoxicated. (If you are intoxicated.) None will forget what happens when a person or persons are injured by a car.

"Just one more drink before I go, I'll drive the darn thing very slow, The cops are gone and they won't know, So fill 'er up there Joe.

The glass was filled up to the brim, But that was not enough for him, Despite his head began to swim, Fill her up again there "Slim."

When he staggered thru' the door, His feet got tangled on the floor, And still he tho't he should have more, "Fill 'er up again there, Joe."

Just one more drink was all he had, But that one more was very bad, For now the story is too sad, "I'll ne'er be back again there, Joe."

He took the steering wheel in his hand And turned around to beat the band And now he's in the promised land, "Send me a post card, Joe."

There are those who are so self centered that they never look east, north, west or south before leaving the curb, nor do they seem to care if they cause others some inconvenience or endanger their lives.

Kids, Ages 4 - 60, Enjoy Train Rides

Kiddies—not to mention many adults—got the thrill of their lives last Thursday when an advertising company's miniature train came to town.

Approximately 700 children and adults enjoyed round-the-city trips during the train's all-day visit.

Advertising a brand of kid's jeans, the train was sponsored by Don Jackson's Store for Men.

The train traveled through most of the city, reaching as far west as Michillinda before touring the northern sections of Sierra Madre.

Depot of the train was the PE Railway station on Sierra Madre boulevard.

The engineer's name was Casey Jones. (Yep, that's right. He had his name legally changed for obvious professional reasons.) Harry Alexander was conductor.

UDELL BOASTS LONG CITY SERVICE RECORD

Vernon Udell, who was appointed acting street and water superintendent by the City Council last week, has been an employee of Sierra Madre for more than 25 years.

He first began services here in 1920 as an employee of what was then the Water Department. This department later became consolidated with the Street Department.

After a five-year period of absence, Udell rejoined the city agencies in the late 1920's, where he has remained to this day.

Udell served for eight years as foreman until last year when he accepted the post of assistant superintendent in both water and street departments.

A resident of Sierra Madre for 42 years, Acting Superintendent Udell resides at 304 W. Sierra Madre boulevard.

City Chorus Slates First Fall Meeting

Sierra Madre Community Chorus will begin its fall meetings Monday, Sept. 12, at 8 p. m. in the Public School Auditorium, according to an announcement this week by President Francis Eakman.

The Chorus is being sponsored this year by the Adult Education Division of the Pasadena City Schools, an extension service from which credits may be earned.

Stewart Matter will again serve as choir director. He will also occupy similar positions this year in Alhambra, Artesia, and Bellflower, besides teaching English and journalism at Excelsior Evening High School.

Director Matter urges all who wish to sing to be present at this first rehearsal because programs for the year will be planned.

Child Health Chats Slated

A change of time for the child health conference in Sierra Madre is announced by Dr. Adele R. Eller, director of the bureau of maternal and child health for the Los Angeles county health department.

The conferences, open to parents of well babies, whose infants do not receive this care from a private physician are to be held the first Wednesday afternoon of each month of the Park House, 12:30 to 4 p. m.

Mothers attending the sessions receive consultation on child health, including diet, health habits and parent-child relationships.

Dr. Fremont P. Koch will be the pediatrician in charge and will be assisted by public health nurses from the local health center.

ets and heavier clothing handy for emergencies.

Avoid swimming in polluted water. Use only beaches or public pools declared safe by local health authorities.

Avoid crowds and places where close contact with varied other persons is likely.

When in doubt as to the cause of illness, play safe and call your physician.

Elizabeth Kenny Foundation Lists Polio Symptoms

Polio is an insidious malady. According to the Sister Elizabeth Kenney Foundation, the virus may be carried for months or even years by the patient without his knowledge or that of the trained physician.

Possible polio symptoms that greatly resemble those of common flu. An unexplained fever, nausea, aches, pains and stiffness are symptoms in both diseases. Sometimes the so-called "flu" may last a week or more, the patient may begin to feel better, then when he attempts some strenuous physical activity or undergoes undue exposure, he suffers loss of automatic reflexes and a paralytic condition may set in.

That is the reason that, when in doubt as to the illness involved, it is always safest to call your physician.

The precautions listed below have appeared in previous articles on the subject. However, because of their importance, they are repeated for the information of parents:

Avoid over-fatigue caused by too active prolonged play or exercise, or irregular hours.

Avoid sudden chilling. Remove wet shoes and clothing at once and keep extra blank-

Baldwin Ave. Project Set

Bids are expected to be advertised within 10 days for work on the Baldwin Avenue Improvement Project, City Engineer Frederick Pack announced this week.

Recently-completed plans call for removal of the crown of the street and installation of storm drains. Drains will replace open gutters.

These changes will make the street absolutely level from curb to curb, Pack said.

Project plans, which will include work from Orange Grove avenue to Alegria street, are now in Sacramento awaiting final approval by the State Highways Commission.

Pack said approximately \$90,000 in gasoline tax money will be used to pay for the Baldwin avenue improvements.

Toasts, speeches and individual congratulations kept going a friendly social atmosphere. A buffet supper was served, climaxed by the cutting of the silver wedding cake by Mr. and Mrs. Velasquez, after they had opened their many gifts.

Brain Designated Deputy Registrar

Lawrence Brain, City Clerk, has been designated the Sierra Madre deputy registrar of voters who will take registrations for the Nov. 6 special state election, Benjamin S. Hite, County Registrar of Voters, announced this week.

Sept. 15 is the deadline for registering for this election. Hite disclosed that there are still 600,000 citizens in the County, otherwise eligible to vote, who have not registered.

Man Fined For Drunken Driving

Clarence L. Hinkle, charged with driving while under the influence of intoxicating liquor, pled guilty in City Court Saturday morning.

Judge John Mead fined him \$150 or 30 days in jail, and suspended his operator's license for 90 days.

Hinkle, who lives at 1333 Sierra Madre Villa, was arrested Aug. 27 on North Baldwin avenue by Police Officer William S. Chunn. He was cited for a violation of section 502 of the Vehicle Code. Hinkle paid the fine.

Daughter of Borglum Dies

Mrs. Camillo Cuocoa (nee Jeanne Danet), former resident of Sierra Madre, passed away Tuesday, Aug. 16, after an illness.

Mrs. Cuocoa resided in this city from 1902 to 1918, a foster daughter of Mr. and Mrs. Gutzon Borglum.

Borglum was an internationally known sculptor who lived in Sierra Madre for many years. Among his accomplishments were the three presidents' faces carved into the face of Mount Rushmore.

She accompanied these Sierra Madre artists from Paris, France, to their studio here in 1902, remaining with them until the studio was sold in 1918.

Married in 1922 to an Italian sculptor, Camillo Cuocoa, Mrs. Cuocoa resided in Venice, Calif., at the time of her death. Interment was at Forest Lawn.

TWO SIERRA MADRE FAMILIES MOVING TO GRANT'S PASS

Mr. and Mrs. Norman Nelson of 365 Auburn moved last week and will make their home at Grant's Pass, Oregon. Mrs. Nelson and son, Denton, 10, have been at Grant's Pass for the past two months. Mrs. Nelson has a sister living there. Mr. Nelson left over the weekend to join them after renting the house and shipping the furniture.

Eber Thomas was in the city last week supervising the removal of his household furniture also to Grant's Pass. Mr. and Mrs. Thomas, with their daughter, Marjorie Ruth, and son, Wayne, are building a new home just out of Grant's Pass at Murphy.

A. L. A. Pot-Luck Supper Planned

Sierra Madre's American Legion Auxiliary will hold a Pot Luck Supper Thursday evening, September 8, it was announced this week.

Garden site of the supper will be the Walter Nollac home at 507 E. Grandview avenue. The affair is slated to begin at 6:30 p. m.

This City Needs A Fly Drive

BY STAN CANN

Sierra Madre needs an Anti-Fly Campaign NOW.

This cry has been raised by several civic groups and many citizens during the past several weeks.

Local residents realize that the time to make Sierra Madre a flyless city is now—when a prolonged hot and dry period has intensified already ideal fly-breeding conditions.

Medical authorities agree that flies are deadly in the spreading of many dread diseases. Among the more than 30 illnesses that definitely have been proved spread by flies are typhoid fever, tuberculosis, and dysentery. The Los Angeles County Board of Health declares that at least one in every 20 cases of TB is communicated by the deadly fly.

In addition, it is strongly believed that flies are carriers of polio germs—a disease that is beginning its annual destruction of children and adults.

Just how many more diseases can be laid at the filthy feet of the altogether too "common housefly" cannot be discovered until a city is completely rid of the menace, and a comparison of death rates with other cities not so fortunate is undertaken.

Temple City and South Pasadena currently are engaged in anti-fly crusades. Last week, Temple City citizens, led by their local Boy Scout troops, laid sweeping plans for the city's war on flies.

W. A. McCreery of the County Health Department spoke before the aroused Temple City residents. He outlined requirements for a complete coverage of the community, and stressed the importance of all citizens co-operating in the battle. He described the various types of the latest, most effective sprays.

In a recent article in Woman's Home Companion, Author J. D. Ratcliff estimated that a community of average size can be completely rid of flies at an expense of as little as 2 cents a person.

Here is the way the campaign is working in Temple City and could be conducted in Sierra Madre: Scouts (or any other civic minded group) visit homes and business establishments in the city, requesting citizens to co-operate by spraying in their immediate vicinity. County officials will search for the worst breeding places. (In Sierra Madre, some of the most ideal places are where livestock is maintained.) Officials make a fly-count before and after the city-wide spraying. Simple, isn't it?

The first move, however, must come from the concerted action of one or more civic groups, determined to annihilate the filthiest insect known to man. How about it?

If you drink—don't drive.

Salesman Webster Has 'Corking' Idea

Alden Webster, 305 E. Laurel, recently earned \$500 by using just five ordinary corks.

When Webster, who is a salesman for a Los Angeles water cooler company, calls on a prospective client, he produces the five corks from his pocket with the suggestion that the prospect plug the five drinking water leaks in his financial structure.

After a little more talk along these lines, the prospect often becomes a customer of his product.

Webster's idea won him one of the four top prizes in a recent contest for the best sales promotion scheme. The award was a \$500 U. S. Savings Bond.

SHRINERS SLATE 'COLD FOOT' RITES

Shriners from as far north as San Luis Obispo, and from as far east as the Arizona state line, are forming caravans to attend a spectacular ceremonial Al Malaikah Temple will stage Saturday, Sept. 3, at the Shrine Auditorium, Los Angeles.

Potentate George E. Sailor has decreed that this ceremonial and initiation will be what is known as a "cold foot" ceremonial, with the trek across the burning sands omitted, and Arabic legends important in Shrine rituals pictured instead. Joseph Wade Brigrance will direct the ceremonial.

THEY CHOOSE SIERRA MADRE

Home recently from a 10,000-mile motor trip that took them across the U.S. and through much of Eastern Canada were Mr. and Mrs. W. Bradley and family of 267 N. Baldwin. Principal destination was Prince Edward Island, at the mouth of the St. Lawrence, where 10 days were spent renewing old acquaintances, visiting relatives and refreshing memories of earlier years. Way points visited included Montreal, Ottawa, Niagara Falls, Boston, Washington, D.C., and a week-end in New York City. Summing it up the Bradleys are in unison in saying that though there is a lot of beautiful country and friendly people both in the U.S. and in Canada Sierra Madre still is the place they'd choose to live.

Mason Past Masters Will Sponsor Dinner

Sierra Madre Lodge No. 408, F. & A. M., is laying plans for a fall dinner, scheduled for Saturday, Sept. 24, at 6:45 p. m. Judge John Mead, chairman, said the dinner, which will be held at the Masonic Temple, is being sponsored by Past Masters of the local order.

PALO DURO VISITORS

Among recent visitors to the Palo Duro celebrations in Palo Duro Canyon State Park, Texas, were Mr. and Mrs. Carl Hobson of 47 W. Bonita avenue. They returned home to Sierra Madre recently.

Friendly headquarters for your children's "growing" needs!

TODAY it's bandages and antiseptics. Yesterday it was medicine ordered by your doctor for childhood ills. And before that—baby oil, bottles and nipples, special infant foods...

Just imagine what child-raising would be like if you didn't have your drug store to turn to!

When you reflect on the varied nature of the prescriptions your pharmacist is equipped to fill—and all the times you have depended on his services—you realize how essential he is to your family's health.

And when you consider the timesaving convenience the drug store offers... no wonder today's busy parents rely on it for so many of their "growing" needs!

They like the pleasant, professional atmosphere of the store. And they like the pharmacist himself—a friendly, warm-hearted man of science, whose spirit of service is an American tradition.

Get better acquainted with your pharmacist. Trade with him—he's a man you can rely on.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

Many Sierra Madre Guests Witness Capolungo-Lamoureux Wedding in Shatto Chapel Saturday Evening

Several Sierra Madre relatives and friends attended the Capolungo-Lamoureux wedding at Shatto Chapel of the First Congregational Church in Los Angeles Saturday evening, Aug. 20, when Ralph J. Capolungo Jr. and Margaret Louise Lamoureux spoke their nuptial vows before Dr. James Fifield, pastor of the church.

Among the guests were the bridegroom's mother, Mrs. Jack Shearer and husband, Mrs. Pearl Matfield, Mrs. Arthur Draeger, Betsy and Geraldine Ward, Dorothy and Wilma Smith, Merle Smith and Mr. and Mrs. Charles Askew.

The bride, daughter of Mrs. Ura Mae Lamoureux of Vin-ton avenue, Culver City, chose an ivory satin gown with a court train. Her floor length il-lusion veil was held in place by a halo of pearlized orange blossoms. Her flowers were bouvardia and orchids.

The bridesmaids were sisters of the bride, Patricia, Mary and Elizabeth, and they were at-tired in turquoise net and matching picture hats. The best man was the bridegroom's brother, Arthur Paul Griffin. Miss Jean Askew was at the organ.

Mrs. Capolungo is from San-ta Monica City College and her husband is completing his de-gree in music at U.S.C. He is a member of Chi Phi and Phi Mu Alpha. Mr. Capolungo is claim-ed as a Sierra Madrean. He spent many years here in school, living at the home of his grandmother, the late Mrs. M. A. Copps of Esperanza.

The mothers chose lace for the wedding; Mrs. Lamoureux wore a royal blue and Mrs.

Shearer a pink lace and satin with ostrich plume hat and sil-ver accessories.

Following a honeymoon at Santa Barbara the young peo-ple will be at home at 1662 Wilson Place, Los Angeles.

Joanne Fitzgerald Sets October Date

Mr. and Mrs. Joseph P. Fitz-gerald of 414 Auburn announce the engagement of their daugh-ter Joanne F. to Travis Brown of Los Angeles. Several pre-nuptial social affairs have been planned for the bride-elect. The wedding will be an October event.

REVA FUSSELL VISITS

Miss Reva Fussell left for her home in Houston, Texas, yes-terday, after spending a week at the home of Mrs. Florence Cole and Mrs. Dale Bassett Stevens of North Lima.

Miss Fussell, a former Sierra Madre Telephone Company em-ployee, was accompanied by Mr. and Mrs. Travis Lancaster and Lois Harrington, also of Houston.

Dr. Miller and Family Moving to Glen

Dr. and Mrs. J. Stadden Mil-ler and family have sold their home at 71 E. Alegria and are moving tomorrow to a home in the Sierra Madre Glen (upper Sierra Madre Villa).

The Millers have been Sierra Madre residents for many years and Dr. Miller will continue his dentistry practice here. Mrs. Miller has been very active in civic affairs, particularly on the Recreation Commission and is at present a member of the Library Board.

Mr. and Mrs. Kenneth Rick-ard of East Pasadena, mem-bers of the local Episcopal Church, have purchased the Miller home.

End of Vacation Party Announced For Toyloan

An end-of-vacation party will be given by Civic Club for Toyloan members at the Park House Thursday, September 8th at ten o'clock in the morn-ing.

The Timmons family first drove to Carmel and were guests of the Harold Everetts of Arcadia; then to San Fran-cisco, where they left their car and took a plane to Wyoming. They spent the majority of the time on a dude ranch near Yellowstone.

Bonnie DeMars

Weds Sunday at

Trinity Church

Nearly 200 friends were pres-ent at the 3 o'clock wed-ding nuptials, Sunday after-noon (August 28), of Bonnie Jean DeMars, 19, daughter of Mrs. Nola DeMars of 101 S. Lima, and Max Donald Hol-lingsworth, 23, son of Frank Hollingsworth of Pasadena.

The ceremony took place be-fore a flower-studded altar of Trinity Presbyterian Church of Sierra Madre (located at the Masonic Temple). Rev. Clar-ence Shackelford officiated.

The bride, who was given away by her brother, Gerald DeMars, carried the family Bible which was originally brought from Jerusalem. She elected to wear a sheer silk organdy gown over taffeta, in a classically simple design. Her ensemble was completed with a fingertip veil.

Mrs. Darlene Booth of Wich-ita, Kans., sister of the bride, was matron of honor and wore an orchid gown and car-ried pink and white flowers. The two bridesmaids, Marilyn Simpson and Mrs. Neal Thom-as, were dressed in shell pink and carried mixed bouquets. All three attendants wore matching pleated headresses.

Best man was Neal Thom-as, Ushers were Jerry Brown and Junior Schmidt.

Soloists were Barbara Switz-er and L. A. Moffet.

After a reception at the church, the couple left on a northern honeymoon. They are planning to live in Pasadena.

The bride graduated from P.C.C. Lower Division in June. The groom served six years with the Army Air Force and is now attending Commercial Flight School in Monrovia, and is preparing for his commercial pilot's license.

Bride's Father Officiates at Friday Wedding

A quiet home wedding was solemnized Friday, August 19, at the home of Mr. and Mrs. Chester Bass at 28 N. Hermosa when their son, Fireman First Class Delbert R. Bass, took as his bride Pauline Thompson, daughter of Rev. and Mrs. Thompson of Reedley, Calif. Rev. Thompson heard the vows.

The bride, attired in blue satin and wearing a white cor-sage, was attended by Hazel Gambol of Marysville as maid of honor. The bridegroom's brother, Wayne Bass, was the best man.

Mr. and Mrs. Bass are honey-mooning in Northern Califor-nia. Mr. Bass will report to the Naval Station, Newport, R.I., today, Sept. 1, and will be join-ed by his wife later in the fall.

C. H. Hollars Move To Sierra Madre

Mr. and Mrs. C. H. Hollar ar-rived in Sierra Madre last Wednesday to establish resi-dency here. They will live at 174 E. Montecito.

The Hollars were former resi-dents of Cleveland, Ohio. Mr. Hollar is a member of the Ma-sonic order of that city.

Shower for Fiancee

Of Kenneth Ogg

Alpha Delta Chi sorority sis-ters of U.C.L.A. gathered at the F. D. R. Moore home on West Sierra Madre boulevard Thurs-day night to attend a crystal shower for Elizabeth Bua of Los Angeles.

Miss Bua, daughter of Mr. and Mrs. Frank S. Bua of Los Angeles, will become the bride of Kenneth Ogg, son of Mr. and Mrs. Glenn Ogg of North Moun-tain Trail, Sept. 9.

A private family wedding in Los Angeles will be held at the Beverly Orthodox Presbyterian Church, with Rev. Dwight S. H. Poundstone officiating.

Hostess at Thursday night's shower was Mrs. Eugene Baird.
